

## **Let Us See Your Glory**

**G – C – G – D**

**Chorus:**

**Let us see your glory  
Let us see you now  
For Jesus is the King of Glory  
Jesus, the King of Kings**

**Lord, we come to offer praises  
Let our hearts and voice raise  
For you alone are worthy  
For you alone are God**

**Lord we know that in your presence  
Grace and mercy do abound  
For you alone are our redeemer  
You alone can make me free**

**Lord we come before you boldly  
Seeking help in time of need  
For you promised us the entrance  
Your arms are open wide**

**Lord we know we are unworthy  
Our sins and trials weigh us down  
But you alone can break the bondage  
You alone can make us whole**

**Lord we need to have your mercy  
Peace and joy are hard to find  
But you alone have made the promise  
When you come they will be found**

**Lord how oft we miss you perfect will  
Turning each to his own way  
But how you can restore us  
Amazing grace how sweet the sound**
