

# Make My Life A Prayer To You

by Keith Green

(Capo II)

G                    D                    Em                    G  
Make my life a prayer to You, I wanna do what You want me to  
C                    D                    C                    D  
No empty words and no white lies, no token prayers, no compromise.  
G                    D                    Em  
I wanna shine the light You gave, through Your Son  
G                    C                    D  
You sent to save us, from ourselves and our despair  
C                    D                    G  
It comforts me to know You're really there.

(Chorus)

G                    D                    C                    G  
Well, I wanna thank you now for being patient with me  
Cmaj7    G                    C                    D  
Oh it's so hard to see, when my eyes are on me  
G                    D                    C                    G  
I guess I'll have to trust and just believe what you say  
Cmaj7                    G                    C                    D  
Oh You're coming again, coming to take me away.

G                    D                    Em                    G  
I wanna die and let you give Your life to me so I might live  
C                    D                    C                    D  
and share the hope You gave to me, the love that's set me free  
G                    D                    Em                    G  
I wanna tell the world out there You're not some fable or fairy tale  
C                    D  
that I've made up inside my head  
C                    D                    G  
You're God the Son, You've risen from the dead.
